BRIEF ABSTRACT OF LETTER.

States that Strangers have approached him for permission to work under him for the training they may thereby get and Solicits orders of Govt in the matter.

Hy. L.

NOTES AND ORDERS.

In their order No R 3348-9- Agri 153-05-1 of 22. 11. 06, Govt authorized the Agricultural Chemist to permit Strangers to work in his laboratory under certain conditions and restrictions. How far this privilege was

taken advantage of and with what results are not known.

May a draft be put up according sanction to the present proposal?

Submitted the attention of T.S.K. the Entomologist 6/11/08. may be invited to the G.O. of 22.11.06 quoted above. If specific orders are needed to it may be made applicable to him/his by a separate order

6/11/08

Working under the Entomologist is quite different from working in a chemical laboratory. It is desirable that his method of work should be widely known. I have put into a draft stating that [illegible] to his allowing graduates & others titled to profit by the training to work under him so long as no direct benefit is expected from him, a fee similar to the one prescribed for working in the Agl. Chemical laboratory be charged at his discretion

Rev

From

Leslie C. Coleman Esquire, M.A., Ph.D.,
Mycologist and Entomologist to the Government of
His Highness the Maharaja of Mysore.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments, Bangalore.

Dear Sir,

I have been approached by a number of different men who desire to do voluntary work under me for the training they might thereby obtain. These range from University graduates who wish to do scientific investigation works, to men who desire a more practical training. I request you kindly to bring the matter before Government in order that they may, if deemed advisable, pass orders with regard to it. I have already indicated to the men in question that I could do nothing until I have received instructions from Government.

I have the honour to be,
Dear Sir,
Your most obedient servant,

Leslie C. Coleman

Mycologist and Entomologist.
